UNSERE MATERIALIEN | OUR FABRICS

BIO BAUMWOLLE | ORGANIC COTTON ORGANIC COLLECTION Moshiki Organic

Unsere GOTS-zertifizierte Baumwolle trägt sich super weich und angenehm auf der Haut. Mit 5% Elasthan gemischt schenkt sie Euch tollen Tragekomfort, ohne einzuengen. Unsere Organic Collection kommt dieses Mal in weichem Jacquard mit gewebten Mustern und in schönen Unifarben für deinen maritimen Look.

Our GOTS-certified cotton is super soft and pleasant on the skin. The mixture with 5% elastane guarantees a high wearing comfort without it being too tight. Our Organic Collection is made from soft knitted jacquard jersey and beautiful uni-colors for your very own maritime look.

VISKOSE | VISCOSE VINTAGE COLLECTION

Unsere Vintage Kollektion aus bedruckter Viskose ist ebenfalls mit 5% Elasthan gemischt. Dadurch behält sie ihre fließenden Eigenschaften und ist gleichzeitig so bequem, dass du sie gar nicht mehr ausziehen willst. Mit den fröhlichen Prints und unseren bunten Moonpatches bist du absolut bereit für den Sommer!

Our Vintage Collection with printed viscose is also mixed with 5% elastane. Thus, it keeps its flowing properties and is still so comfy to wear, you will not like to take it off at all. Combined with our colorful moonpatches and the happy prints, you are absolutely ready for summer.

LENZING™ ECOVERO™ UND TENCEL™ ECOVERO COLLECTION EcoVero Tencel

Moshiki präsentiert euch dieses Jahr ein neues Highlight:

Wir verarbeiten Stoffe der Firma Lenzing™ und können euch daher eine kleine, aber feine Auswahl an Modellen aus ökologisch hergestellter Viskose anbieten.

Lenzing wurde mit dem EU-Ecolabel ausgezeichnet und garantiert beste ökologische Standards. Die EcoVero™ Viskose besteht zu 100% aus Viskose. Sie fällt unglaublich weich und fließend, dabei wirkt sie angenehm kühl auf der Haut. Lenzings Tencel™ Viskose ist gemischt mit 2% Elasthan. So verbinden sich die tollen Eigenschaften von Viskose mit maximalem Tragekomfort durch leichte Dehnbarkeit.

Moshiki is proud to present a new highlight for this collection:

We are working with the company Lenzing™ and are now able to provide you with a small variety of designs made from ecological produced viscose.

Lenzing™ was awarded with the EU-Ecolabel and guarantees the highest ecological standards. EcoVero™ Viscose is 100% pure viscose. It falls extremely soft and flowing while feeling cool on your skin. Lenzings Tencel™ Viscose is mixed with 2% elastane. Therefore, the characteristics of viscose remain unchanged while achieving the maximum in wearing comfort.

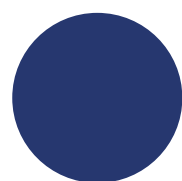

In der gesamten Produktion achtet Moshiki auf faire Arbeitsweisen und gerechte Löhne. Wir übernehmen Verantwortung und sorgen dafür, dass du unsere Kleidung mit gutem Gewissen tragen kannst.

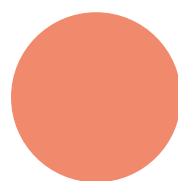

Within our whole production progress, Moshiki ensures a fair working environment and fair wages. We take responsibility and make sure that you are able to wear our clothing with good conscience.
